## 33<sup>rd</sup> I.C.C.D. Congress, Yerevan 2016

### PROPOSAL No. 01

Country: SWEDEN

Name of Federation:

Motion / Explanation:

Sweden wishes to submit a motion touching the future stage of the European Championship respectively World Championship.

Until now there have been one or two problems respectively worries about arranging segments including uncertainty about costs and payments are handled, and some have accused embezzlers respectively corruption unless the participants staying at the same hotel or at a different hotel respectively costs of transportation for those not staying at the same hotel as the other participants.

We believe it would be more appropriate to each country participating in the European Championships respectively World Cup must send money for accommodation and board for ICCD then pay ICCD for example, Hotel etc. In the way it has better control of expenditure, it can be ensured for any fraud or misunderstanding, and it also means that the ICCD with the country that organizes the European Championship / World Cup can negotiate a variety of discount hotels and more. And it means ensuring that each country participating in the races live in the same place, which means that it is more economical for all partners and you can also be sure that you come to the race on time.

We also suggest that the country organizing the competition shall be obtained tentatively 20% of their role as organizer.

### PROPOSAL No. 04

Country: **UKRAINE**

Name of Federation: **UKRAINIAN DEAF SPORTS FEDERATION**

#### Motion:

Ukrainian Deaf Sports Federation provide motion to the ICCD Congress and request to make additions to the Regulations of the European Deaf Chess Championships for the Individual European Deaf Chess Championships.

Namely: **To allow automatic qualification for participating in World Championships and European Championships not only for ICCD Grand Masters but also for ICCD Masters of International grade.**

#### Explanation

At present time in the Regulations for the World Deaf Chess Championships for the World Individual Deaf Chess Championships allowed participation for ICCD Grand Masters and for the winners of National Competitions. With aim to promote deaf chess movement and with aim to increase amount of participants for the deaf chess events we propose to allow automatic qualification for participating in World Championships and European Championships not only for ICCD Grand Masters but also for ICCD Masters of International grade.

## 33<sup>rd</sup> I.C.C.D. Congress, Yerevan 2016

### PROPOSAL No. 05

Country: ENGLAND

Name of Federation: ENGLISH DEAF CHESS ASSOCIATION

#### Motion:

We propose that the present audiogram system used by ICCD be reviewed and scrutinised by three member countries and their recommendations be considered by the full ICCD congress in 2018.

#### Explanation:

English Deaf Chess Association wants players playing in ICCD events to be genuinely deaf. At occasions, we see 'deaf' chess players talking, socialising and playing as if they are hearing not deaf. This cannot be right.

#### PROPOSAL No. 06

**Country:** ENGLAND

**Name of Federation:** ENGLISH DEAF CHESS ASSOCIATION

**Motion:**

We propose that the European Deaf Chess Clubs Championship and the European Deaf Chess Teams Championship should not be held at the same time.

**Explanation:**

The European Deaf Chess Clubs Championship has a proud history and the 22nd Championship was played in Baku, Azerbaijan last September 2015. Only five deaf chess clubs competed - this is disappointing. The reason was due to the 1st European Deaf Chess Teams Championship being played at the same time.
